

420 CLASS UPDATES & NOTICES

NO.18

28/07/2011

420 Club Section

We need to find a sailor or parent to take over as the 420 section representative as I am stepping down after two and a bit years. The roles include keeping the fleet informed about regattas and events, writing articles & representing the fleet on the centreboard committee. These roles can be shared about, some one can be scribe, someone can attend the centreboard meetings etc. PLEASE come forward and let me know if your interested. Fleets always need someone driving it to keep them successful!

Youth Squad Training

Friday After School - 4pm

Due to the prompt sale of the Club's J24s prior to taking delivery of the new BW8s, Youth Squad training on Fridays will focus on fitness over the coming weeks. A coordinated program of general fitness and gym training for those interested in some physical preparation for the coming season will be prepared.

Sessions will commence 4.00pm and finish around 6.00pm.

Two Generations worth of youth squad sailing is now half way across Australia to which a Queensland yacht club has purchased for their use of teaching sailing. These were one of the very first sailing assets to the club, providing the youth's a simple keelboat to learn how to sail in. Now SoPYC manages more than 60 on water assets including our new additional Start Boat.

BW8's are being built as you read this, ready in time for opening season. The BW8's will replace our J's and will give an exciting entry level for juniors and youths to sail on at SoPYC.

Training Update

Tuesday After School - 4pm

One 420 has been turning up, lets get some more! Remember the club has resources to lay marks and run mini races during these sessions.

Coffee Pointers

For those parents & sailors not aware, the yacht club has an electronic newsletter called Coffee Pointers & Sailing Pointers which gets sent out weekly with club updates, events, results etc. To subscribe, which is highly recommended if your not already, see this website.

WA 420 Association Website

There is a calendar of events, boats for sale etc on this website. If your ever unsure about when sailing is on or organised, have a quick look!
