Frank Sampson

First Commodore

1946 - 1949

Frank Sampson enjoyed organising complex activities for people.

With the enormous growth in community awareness after the Second World War, Frank was prominent in the South Perth Community Centre, and deeply involved in the building of the South Perth Community Centre Hospital. He was also the founding president of the Master Builders Guild which, for the first time, registered certificated builders in this State.

Immediately after World War II he and a partner bought a 24 foot deep keeled fishing boat, which they modified for pleasure use and moored near the present club mooring area.

Realising that others anchored near him had similar interests, he called a public meeting on 18 December 1945 a meeting which established the South Perth Yacht Club. After his appointment as provisional chairman at the public meeting, Mr Sampson was elected as Commodore on 12 February 1946.

Because building materials were scarce and housing had top priority, the Club raised debentures and purchased the Melville Army Camp Mess Hall. The building was demolished and re-erected by an enthusiastic membership as a Clubhouse on the Como foreshore.

When the construction of the Kwinana Freeway forced the Club away from Como, Frank was one of the prime movers who helped to negotiate the move to our present position.

To his very great pleasure, Mr Sampson was elected the Club's first Life Member in 1949, and maintained his interest in the Club and its affairs right up to his closing years.
