## **Temporary Notice to Mariners**

**NAVIGATIONAL HAZARD**  
**Construction Works**  
**Swan River, North Shore**  
**Heirisson Island Vicinity**

Mariners are advised that construction works have commenced on the north shore of the Swan River, approximately 300 metres upstream of The Causeway.

These works are part of the **Riverside Waterbank Project** and will take place Monday to Saturday between 7.00am & 5.00pm until around 30<sup>th</sup> Jan 2012.

A coffer dam, 1.5m high, will be constructed inside a silt curtain approximately 15m x 15m. The works area will be delineated by a yellow marker buoy, 1.4m in height and equipped with rhythmic yellow lighting system, placed about 20 metres from the northern shoreline.

The adjacent navigable channel will be maintained at all times.

**Mariners are advised to navigate with caution when transiting the above area and keep well clear of the above works area.**
